

COVID-19 SUSPECTED CASE RESPONSE PLAN

Instruction for when a student becomes unwell and presents as a suspected case while in Carlow College

Remain in your location.

Ring the Contact Person (Nurse) / If unavailable ring another of the listed Contacts.

You will be given the relevant PPE and moved to the isolation room maintaining 2M distancing.
(Student Resource Building / Library Meeting Room).

Avoid touching anything, hand hygiene and coughing etiquette guidelines must be followed.

Contact Person will assess if you can immediately go home, call your GP and continue to isolate at home.

If the above is not possible, you will remain in the isolation area, call your GP outlining your symptoms.

Thereafter follow the instruction provided.

Do not go to your G.P. surgery or any pharmacy.

Avoid touching anything, hand hygiene and coughing etiquette guidelines must be followed.

Contact Person will make arrangements for transport home or for medical assessment.

Please do not use public transport.

Do not return to the College until you have completed self-isolation and are symptom free.

If you have any health-related concerns that you would like to discuss in advance of returning to campus,

please contact the College Nurse: nurse@carlowcollege.ie
